United States Department of State

Washington, D.C. 20520

JUN 19 2007

Dear Madam Speaker:

Pursuant to Section 36(c) & (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed technical assistance agreement for the export of defense articles, including technical data, and defense services in the amount of $50,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles and services to the Republic of Korea for the manufacture of selected components, and the assembly of the Korean Electro-Optical Tracking System for end-use by the Republic of Korea Army.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Jeffrey T. Bergner
