United States Department of State

Washington, D.C. 20520

JUL 17 2008

Dear Madam Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, re-certification of a proposed manufacturing license agreement for the export of defense services and defense articles in the amount of $100,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to Japan for the manufacture of a Head-Up Display (HUD), Video Tape Recording System (VTRS), and the Multi-Stage Improvement Program VTRS Control Panel for the F-15J/DJ Aircraft.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Matthew A. Reynolds
Acting Assistant Secretary
Legislative Affairs
