This document provides information for the DTe v3.2 release that includes an upgrade of the IBM Form Viewer to v8.2, an increase of the Total License Value (TLV) cap, an update to agreement business rule, and minor DSP form bug fixes.

Overview of DTe v3.2 Changes

The purpose of this release is to provide the new IBM Form Viewer, resolve reported issues by the industry users and improve DTrade submission quality.

Changes

v3.2

DTe Changes

Updated

DTe and DSP Form Version Update

DTe version will be updated to 3.2 and all DSP Form versions are updated to 9.2.

Updated

IBM Form Viewer is now compatible with Firefox Internet Browser

The new IBM Form Viewer v8.2 resolves the incompatibility issue with Firefox. Prior versions of the IBM Forms Viewer did not function as expected when installed on the same machine where Firefox is present.

Updated

DSP Form and Common Schema Total Licensing Value Fix

The new DSP forms and Batch Schema now allow larger Total License Value (TLV) amounts, up to \$999,999,999,999. Unit Price and Line Total can also accept up to 12 digits.

Updated

DSP Form Minor Bug Fixes

The DSP forms have been updated to correct the follow minor issues:

1. Denotation of required fields in Block 13 of the DSP 74 and 62.
2. Denotation of required field in Block 18 of the DSP 74.

Updated

Agreement Attachment Validation Rule for Form and Batch submissions

DSP-5 was modified to not require Certification Letters for agreements and make it consistent with agreement guidelines under option C of 22 CFR 120.27.
