[Public Notice 7338]
RIN 1400–AC74

Amendment to the International Traffic in Arms Regulations: Electronic Payment of Registration Fees; 60-Day Notice of the Proposed Statement of Registration Information Collection

AGENCY: Department of State.

ACTION: Proposed rule and information collection; request for comments.

SUMMARY: The Department of State is proposing to amend the International Traffic in Arms Regulations (ITAR) to change the method of payment to electronic submission of registration fees. Definitions for “Foreign Ownership” and “Foreign Control” are to be added. Pursuant to the Paperwork Reduction Act, public comment is requested on the Statement of Registration, the form used for the submission of the registration fee.

DATES: The Department of State will accept comments on this proposed rule until April 25, 2011.

ADDRESSES: Interested parties may submit comments within 60 days of the date of the publication by any of the following methods (for those seeking to submit comments regarding the information collection aspect of the Statement of Registration, contact information is supplied below):

E-mail: DDTCTResponseTeam@state.gov with the subject line, “Electronic Payment of Registration Fees.”

Persons with access to the Internet may also view and comment on this notice by searching for its RIN on the U.S. Government regulations Web site at http://regulations.gov/index.cfm.

FOR FURTHER INFORMATION CONTACT: Lisa V. Studtmann, Director, Office of Defense Trade Controls Compliance,
Supplementary Information: The Directorate of Defense Trade Controls (DDTC) is responsible for the collection of registration fees from persons in the business of manufacturing, exporting, and/or brokering defense articles or defense services. To date, registration fees have been received by check or money order and processed manually. The collection of electronic payments will simplify the collection and verification of payments, eliminate the need to manually process and collect returned payments, and eliminate the possibility of lost payments.

Section 122.2(a) is to be revised to provide for electronic payment as the sole means of registration fee submission. The form used for obtaining registration, the DS–2032 (Statement of Registration), has been revised to reflect that fee payments are to be made electronically. Additionally, the certifications previously required through the transmittal letter referenced in § 122.2(b) of the ITAR have been incorporated into the revised DS–2032. Consequently, § 122.2(b) no longer will address a separate transmittal letter, but will address certain certifications to be made on the Statement of Registration that used to be provided via the transmittal letter. The new § 122.2(b) title will be “Statement of Registration Certification.” Definitions for “ownership” and “control” have been removed from part 122 by the removal of § 122.2(c). Definitions for “Foreign Ownership” and “Foreign Control” are to constitute the new § 120.37.

Section 122.3(a) is to be revised to remove reference to the transmittal letter. The proposed revision to § 129.4(a) is in line with the proposed change in part 122 regarding the provision of electronic payment of registration fees. References to the transmittal letter are to be removed from §§ 129.4(a) and (b).

Title and number of the registration form is to be corrected in § 120.28(a)(2), and § 123.16(b)(9) is to be revised to correct a reference to § 122.2(c) and replace it with a reference to proposed § 120.37.

Regulatory Analysis and Notices

Administrative Procedure Act

This proposed amendment involves a foreign affairs function of the United States and, therefore, is not subject to the procedures contained in 5 U.S.C. 553 and 554. Nevertheless, it is being published as a Notice of Proposed Rule Making, with a 60-day public comment period.

Regulatory Flexibility Act

Since this proposed amendment is not subject to the notice-and-comment procedures of 5 U.S.C. 553, it does not require analysis under the Regulatory Flexibility Act.

Unfunded Mandates Reform Act of 1995

This proposed amendment does not involve a mandate that will result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of $100 million or more in any year and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Executive Order 13175

The Department has determined that this proposed rulemaking will not have tribal implications, will not impose substantial direct compliance costs on Indian tribal governments, and will not pre-empt tribal law. Accordingly, the requirements of Section 5 of Executive Order 13175 do not apply to this proposed rulemaking.

Small Business Regulatory Enforcement Fairness Act of 1996

This proposed amendment has been found not to be a major rule within the meaning of the Small Business Regulatory Enforcement Fairness Act of 1996.

Executive Orders 12372 and 13132

This proposed amendment will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 13132, it is determined that this proposed amendment does not have sufficient federalism implications to require consultations or warrant the preparation of a federalism summary impact statement. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities do not apply to this amendment.

Executive Order 12866

The proposed amendment is exempt from review under Executive Order 12866, but has been reviewed internally by the Department of State to ensure consistency with the purposes thereof.

Executive Order 12988

The Department of State has reviewed the proposed amendment in light of sections 3(a) and 3(b)(2) of Executive Order 12988 to eliminate ambiguity, minimize litigation, establish clear legal standards, and reduce burden.

Paperwork Reduction Act

The Paperwork Reduction Act requires all Federal agencies to analyze proposed regulations for potential time burdens on the regulated community created by provisions in the proposed regulations, which require the submission of information. The information collection requirements must be submitted to the Office of Management and Budget (OMB) for approval. Persons are not required to respond to a collection of information unless it displays a currently valid OMB control number or is exempt from the PRA.

As part of its continuing effort to reduce paperwork and respondent burden, the Department of State proposes to change the reporting requirement on the DS–2032, Statement of Registration. This notice serves to inform the general public and Federal agencies of the opportunity to comment on this information collection in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501 et seq.). This helps to ensure that the public understands the Department’s collection instructions, respondents provide the requested data in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the Department can properly assess the impact of collection requirements on respondents. The information collection (IC) requirements for the current Statement of Registration are approved under OMB control number 1405–0002.

Abstract of Proposed Collection

The export, temporary import, temporary export and brokering of defense articles, defense services, and related technical data are licensed by the Directorate of Defense Trade Controls (DDTC) in accordance with the International Traffic in Arms Regulations (“ITAR,” 22 CFR parts 120–129).
result in the submission of incorrect information.

With these proposed changes, the estimated burden time for completion will be reduced from two (2) hours to one (1) hour.

This proposed change does not impose any new recordkeeping requirements.

Methodology

Currently, the ITAR, § 122.2(b), requires the respondent to provide corresponding information (via a “transmittal letter,” to accompany the DS–2032, Statement of Registration, submission) certifying criminal history, eligibility, and foreign ownership. Often, this mandate was overlooked by the respondent, resulting in the return without action of the incomplete application. The revised DS–2032 incorporates these certifications within the form, only requiring the user to select the appropriate response with a single click and providing the option to provide a response within the form.

The Department proposes to change other reporting requirements on the DS–2032. The DS–2032 was modified to include additional data fields necessary to match electronic payment to the DS–2032. Whereas payments will be received electronically, respondents will continue submitting the DS–2032 in paper format. New data elements specific to electronic payment were not previously required on the DS–2032 because such information is visible on U.S. and foreign bank drafts.

Additionally, data elements were added to ensure clarification during analysis as well as standardization of responses. Specifically, necessary information is listed in the form, only requiring the respondent to make a selection by simply clicking the applicable checkbox. Country and state information is now listed via a pick list requiring a selection rather than manual insertion of information. This enhancement eliminates typographical errors and the misinterpretation of information requested which often

Automated Clearing House is an electronic network used to process financial transactions in the United States. Intended registrants should access DDTC’s Web site at http://www.pmddtc.state.gov for detailed guidelines on submitting an ACH electronic payment. Electronic payments must be in U.S. currency and must be payable through a U.S. financial institution. Cash, checks, foreign currency or money orders will not be accepted. In addition, the Statement of Registration must be signed by a senior officer (e.g., Chief Executive Officer, President, Secretary, Partner, Member, Treasurer, General Counsel) who has been empowered by the intended registrant to sign such documents. The intended registrant also shall submit documentation that demonstrates that it is incorporated or otherwise authorized to do business in the United States. The Directorate of Defense Trade Controls will notify the registrant if the Statement of Registration is incomplete either by notifying the registrant of what information is required or through the return of the entire registration package. Registrants may not establish new entities for the purpose of reducing registration fees.

(b) Statement of Registration Certification. The Statement of Registration of the intended registrant shall include a certification by an authorized senior officer of the following:

Automated Clearing House (ACH) is an electronic network used to process financial transactions originating from within the United States and SWIFT is the messaging service used by financial institutions worldwide to issue international transfers for foreign accounts. Payment methods (i.e., ACH and SWIFT) are dependent on the source of the funds (U.S. or foreign bank) drawn from the applicant’s account. The originating account must be the registrant’s account and not a third party’s. Intended registrants should access DDTC’s Web site at http://www.pmddtc.state.gov for detailed guidelines on submitting ACH and SWIFT electronic payments. Payments, including from foreign brokers, must be in U.S. currency, payable through a U.S. financial institution. Cash, checks, foreign currency or money orders will not be accepted. ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[81 FR 1514, Jan 21, 2016]

Approval and Promulgation of Air Quality Implementation Plans; Texas; Revisions To Control Volatile Organic Compound Emissions From Consumer Related Sources

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve revisions to the Texas State Implementation Plan (SIP) that amend Title 30 of the Texas Administrative Code (TAC), Chapter 115, Control of Air Pollution from Volatile Organic Compounds. The State submitted these revisions on March 4, 2010. These revisions remove the Texas Portable Fuel Container rule as an ozone control strategy from the Texas SIP for the Control of Ozone Air Pollution. In the submittal, Texas demonstrates that federal portable fuel container standards promulgated by EPA in 2007 are expected to provide equal to or greater emissions reductions than those resulting from the state regulations. The EPA is proposing to approve this SIP revision because it is expected that reliance on the more stringent federal portable fuel container standards will ensure that emission reductions equivalent to or greater than those in the repealed Texas portable fuel container regulations will continue to be achieved in the State of Texas. Accordingly, it is expected that this SIP revision will not have a negative impact neither on the emission reductions claimed in the Texas SIP, nor in Texas' attainment of the NAAQS for ozone. This SIP revision eliminates the redundancy that has been created with the adoption by EPA of the federal portable fuel container regulations in 2007. The EPA is proposing to approve these revisions pursuant to section 110 of the Federal Clean Air Act (CAA).

DATES: Written comments must be received on or before March 28, 2011.

ADDRESSES: Comments may be mailed to Mr. Guy Donaldson, Chief, Air Planning Section (6PD–L), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202–2733. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the ADDRESSES section of the final direct final rule located in the rules section of this Federal Register.

FOR FURTHER INFORMATION CONTACT: Ms. Dayana Medina, Air Planning Section (6PD–L), Multimedia Planning and Permitting Division, U.S. Environmental Protection Agency, Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202–2733, telephone (214) 665–7241; fax number 214–665–7263; e-mail address medina.dayana@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of this Federal Register, EPA is approving the State’s SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

For additional information, see the direct final rule, which is located in the rules section of this Federal Register.
