

Industry Notice 11/16/2009: MARY "lite" --- DTrade 2 Quick Status Report

The MARY Status Retrieval System will provide Industry Users a quick and convenient way to access their DTrade 2 export license status without having to log on to the DTrade 2 interface.

As an interim measure, DDTC will offer Users the option of using MARY "lite", a precursor to the full implementation of the MARY Status Retrieval System.

As of Tuesday, November 17, 2009, MARY "lite" will be available online for Industry use. The system will provide only the overall status for cases currently in-process and for cases that have been finalized within the last 14 days. MARY "lite" is a searchable PDF quick case status report accessible from the DTrade Information Center webpage (<http://www.pmdtcc.state.gov/DTrade>). Users can also link directly to the file at http://www.pmdtcc.state.gov/DTrade/ML_DT2Status.pdf.

As MARY "lite" will only be updated once a day, Industry will still be able to log-on to the DTrade 2 system, to view the most current and detailed case information.

ACTION REQUIRED

▶ ONLINE USERS:

Adobe Reader or other PDF software is necessary. Specific Instructions on how to search the document are located at the top of the document. A formatted HTML version will be available as well.

▶ PDA USERS:

Mobile Office 6.1 or other mobile PDF software is necessary.

IMPLEMENTATION

MARY "lite" quick case status report will be available on Tuesday, November 17, 2009 and will be refreshed once daily Monday through Friday at 10:00 a.m. EST.

The full version of MARY is scheduled for release in Winter 2009.
