

Asset Transfer and Name Change of Westland Transmissions Limited to Westland Helicopters Limited

Effective January 1, 2009, all of the assets including contracts and licenses of Westland Transmissions Limited of the UK shall be merged into Westland Helicopters Limited of the UK. As a result of the merger, Westland Transmissions Limited will be known as Westland Helicopters Limited. Due to the volume of authorizations requiring amendments to reflect this name change, DDTTC is exercising its authority at 22 CFR 126.3 to waive the requirement for amendments to change currently approved authorizations.

All currently approved DSP authorizations identifying Westland Transmissions Limited will not require an amendment to reflect the name change to Westland Helicopters Limited. A copy of this website notice must be attached to the currently approved license by the license holder.

Pending DSP authorizations received by DDTTC identifying Westland Transmissions Limited as a party to the license will be adjudicated without prejudice. A copy of this website notice must be attached to the approved license by the license holder.

New DSP license applications received after **January 15, 2009**, identifying Westland Transmissions Limited as a party to the license will be considered for return without action for correction to the new name.

A copy of this website notice must be maintained by the license holder and presented with the relevant license to Customs at time of shipment.

All currently approved agreements will require an amendment to be executed to reflect this name change. The agreement holder will be responsible for amending their agreement. The executed amendment will be treated as a minor amendment per 22 CFR 124.1(d) and must be submitted as such. New DSP-83s must be executed as a result of the name change, as applicable.
