

# **Heligear Canada Acquisition Corporation Acquires Northstar Aerospace (Canada) Inc.**

Effective immediately, Heligear Canada Acquisition Corporation has acquired Northstar Aerospace (Canada) Inc. Due to the volume of authorizations requiring amendments to reflect this change, the Managing Director of DDTC is exercising the authority under 22 CFR 126.3 to waive the requirement for amendments to change currently approved authorizations.

As a result of the subject acquisition, DDTC has determined that all currently approved DSP authorizations identifying Northstar Aerospace (Canada) Inc. will require an unshipped balance license to reflect the change. A copy of this web notice should be part of the submission package.

New applications received after October 31, 2012 identifying Northstar Aerospace (Canada) Inc. as a party to the license will be considered for return without action for correction due to the change.

All currently approved agreements will require an amendment to be executed to reflect the acquisition. The agreement holder will be responsible for amending their agreement. The executed amendment will be treated as a full amendment per 22 CFR 124.1(c) and must be submitted as such. New DSP-83s must be executed as a result of the name change, as applicable.

Pending agreement applications will be adjudicated without prejudice. With the filing of the executed agreement, the agreement holder must attach a copy of this Web Notice as explanation for the change in the executed agreement.
