United States Department of State

Washington, D.C. 20520

JUN 12 1002

Dear Mr. Speaker:

Pursuant to Section 9001(e) of Public Law 106-79 and consistent with Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed license for the export of defense articles to India.

The President made a determination in a manner consistent with Title IX of the Department of Defense Appropriations Act, Fiscal Year 2000 (Public Law 106-79) to waive sanctions on India in connection with the Glenn Amendment and related provisions, as reported to you by separate letter. Under Title IX, the issuance of a license for the export of defense articles or defense services to India pursuant to the waiver authority of that Title is subject to the same requirements as are applicable to the export of items described in Section 36(c) of the Arms Export Control Act and the Administration is treating authorization for the requested export consistent with these provisions.

The transaction described in the attached certification involves: (1) unclassified technical data and hardware related to the design, analysis, manufacturing, and testing of single cell and dual cell antenna reflectors; (2) unclassified technical data related to the marketing of the TPS-70SS radar system; (3) twelve (12) spare parts kits for maintenance of Sikorsky S-61 Sea King helicopters; (4) an amendment to an existing manufacturing license agreement to re-instate India to the licensed territories for the Quick Fox software code; and (5) temporary export of Generation III single tube night vision goggles with a zoom laser illuminator.

The United States Government is prepared to authorize the export of these items having taken into account political, military, economic, human rights and arms control considerations.

The Honorable

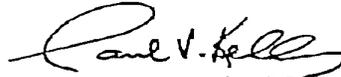

J. Dennis Hastert,

Speaker of the House of Representatives.
