

United States Department of State

Washington, D.C. 20520

OCT - 7 2002

Dear Mr. Speaker:

Pursuant to Section 36(c) and (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement involving the manufacture abroad of Significant Military Equipment, which also involves the export of defense articles or defense services in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the export to the United Kingdom of technical data, defense services and defense articles for the manufacture, test and depot level repair of data terminal equipment for the United Kingdom BOWMAN Radio Communication Program with end-use by the United Kingdom.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "M. C. Polt".

Michael C. Polt  
Acting Assistant Secretary  
Legislative Affairs

Transmittal No. DTC 244-02
