

United States Department of State

Washington, D.C. 20520

SEP 14 2004

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed license for the export of defense articles or defense services sold commercially under a contract in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export to Canada of technical data and defense services necessary for the manufacture in Canada of Exhaust Frame Assemblies and Front Frame Assembly for F404 and F414 Aircraft Engines for end-use in U.S. aircraft. This is an increase in scope and continuation of an on-going contract signed between the parties in 1991.

The United States Government is prepared to license the export of this manufacturing know-how having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Paul V. Kelly  
Assistant Secretary  
Legislative Affairs

Enclosure:

Transmittal No. DDTC 058-04

The Honorable

J. Dennis Hastert,

Speaker of the House of Representatives.
