United States Department of State

Washington, D.C. 20520

Dear Mr. Speaker:

JUL 25 2003

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed technical assistance agreement for the export of defense articles or defense services sold commercially under a contract in the amount of \$50,000,000 or more.

The transaction described in the attached certification involves the production of applique (reactive) armor for the U.S. Army's Bradley Fighting Vehicle using Israeli design and production technology.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in cursive script, appearing to read "Paul V. Kelly".

Paul V. Kelly  
Assistant Secretary  
Legislative Affairs

Enclosure:

Transmittal No. DDTC 073-03

The Honorable

Speaker of the House of Representatives.
