Washington, D.C. 20520

JUL 10 2008

Dear Madam Speaker:

Pursuant to Section 36(c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad including the export of defense articles or defense services to be sold under a contract in the amount of \$50,000,000 or more

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services for the development of the 721S VHF and UHF receiver-transmitter radio and an equipment cabinet to house the 721S.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "Matthew A. Reynolds".
