

Eurocopter and Eurocopter Entities Changing to Airbus Helicopters

Effective immediately, **Eurocopter and Eurocopter's Entities** will change as follows: **Airbus Helicopters**. Due to the volume of authorizations requiring amendments to reflect this change, the Deputy Assistant Secretary of Defense Trade Controls, Bureau of Political Military Affairs is exercising the authority under 22 CFR 126.3 to waive the requirement for formal amendments to change currently approved authorizations.

All currently approved DSP authorizations identifying **Eurocopter or a Eurocopter Entity** will not require an amendment to reflect the change to **Airbus Helicopters**. A copy of this website notice must be attached to the currently approved license by the license holder.

Pending authorizations received by DDTC identifying **Eurocopter or a Eurocopter Entity** as a party to the license will be adjudicated without prejudice. A copy of this website notice must be attached to the approved license by the license holder.

New license applications received after **February 28, 2014**, identifying **Eurocopter or a Eurocopter Entity** as a party to the license will be considered for return without action for correction.

A copy of this website notice must be maintained by the license holder and presented with the relevant license to Customs at time of shipment.

All currently approved agreements will require an amendment to be executed to reflect this name change. The agreement holder will be responsible for amending their agreement. The executed amendment will be treated as a minor amendment per 22 CFR 124.1(d) and must be submitted as such. New DSP-83s must be executed as a result of the name change, as applicable.

Pending agreement applications that require amending must be brought to the attention of the assigned Agreements Officer by the agreement holder. The necessary changes will be made prior to issuance when the Agreements Officer has been notified.
