

DTC
United States Department of State

Washington, D.C. 20520

JUN -2 2006

Dear Mr. Speaker:

Pursuant to Section 36(c) & (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles or defense services in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the transfer to Israel of technical data, defense services and hardware for the manufacture of the MOD II and MOD IIC GYROFLEX® Gyro and Accelerometer as part of a Land Navigation System (LANS) for sale to various countries and for incorporation into the Japanese PAC-3 Patriot Missile Upgrade.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Jeffrey T. Bergner
Assistant Secretary
Legislative Affairs

Enclosure:

Transmittal No. DDTC 009-06

The Honorable

J. Dennis Hastert,

Speaker of the House of Representatives.
